Address: No. 69 Yangzhuang Street,
Shijingshan District, Beijing
E-mail: info@toptechone.com

TopTech Ltd. Manufactured CNC CO₂ Laser cutting machine, named **TopTech Cola**.

TopTech Cola has ability to cut metal & non-metal materials. It can satisfy metal processing industry, advertising industry and other industry requires.

Not only cutting, but also it can satisfy any material marking requirement.

Main parameters of TopTech Cola:

Type	TopTech Cola
Input voltage	AC220V/110V, 50Hz
Laser type	CO ₂ sealed glass laser
Output laser power	150W
Laser mirror	American 23 mirror
Effective cutting area	1500*3000mm
Marking speed	0-1000mm/s
Cutting speed	0-600mm/s
Graphic format	CDR, AI, BMP, PLT, DXF, DWG, DST, LAS
Min marking letter	English 1*1mm
Compatible software	CorelDraw, AutoCAD, and Photoshop
Transmission mode	Lead screw transmission
Drive mode	Panasonic servo drive
Cooling	Water cooling
Machine size	3800*2180*1140mm
Machine weight	1500kg
